

It's great that citizens are supporting local restaurants by ordering Take Out.

Another way to help is letting them know when you order:

"We'll be eating this meal at home and we have eating utensils, so please don't give us any. Thank you."

That's one unnecessary single-use plastic item we won't send to the landfill.

Ketchup, mustard, mayo, soy sauce, etc... if you have those at home please say so.

Then the restaurant won't waste those single-serve items. This will save the restaurant pennies. During financially challenging times, pennies add up.

AND if you haven't already seen the PBS Frontline Special "Plastic Wars", you'll want to check it out. It's an eye opener for sure!

Thank you Madison County!
